2nd-3rd Grade Student Activity Guide

Name: _____

Find the wall with the title “How do glaciers sculpt the landscape?”. How do glaciers cut and shape mountains? Draw a picture of this process:

A large, empty rectangular box with a thick orange border, intended for a student to draw a picture illustrating how glaciers sculpt mountains.

Go to the Earthquake Engineering table and see if you can build a structure that can withstand an earthquake. Discuss the results of your building test with a friend.

Did your structure stay standing? If so, why do you think it did?

If not, what could you do to improve your structure?
