

Life

2nd-3rd Grade Student Activity Guide

Name: _____

Visit the Cold Deserts Habitat Diorama. Find the pronghorn antelope. Why does the pronghorn have horns?

Can you find another animal in a different habitat diorama that has a similar way of protecting itself?

Move to the Montane Forest diorama. Listen closely. Do you hear a woodpecker? How does this bird help trees? Hint: take a look at the sign about woodpeckers.

How do trees help people?

What's your favorite tree? Draw a picture:
