

# Past Worlds

## 2nd-3rd Grade Student Activity Guide

Name: \_\_\_\_\_

**Examine the big case of fossils under the title “Green River Fossils” as you come into the Past Worlds exhibit. What evidence do these fossils provide to help scientists know that Utah’s habitat was once covered by large mountain lakes?**

---

---

---

---

**Take a close look at the sign that says, “These bones show evidence of evolution”. Look carefully at the pictures of Falcarius and Nothronychus. What are some of the steps the dinosaurs Falcarius or Nothronychus made towards specializing in a plant-based diet?**
