K-1st Student Activity Guide

Name: _____

Look up at the dinosaurs on the Ceratopsian Wall. They all have horns and frills. What do you think are the functions of these structures?

Find the Lythronax. What types of food does this dinosaur eat?

Now find the Utahceratops. What types of food does this dinosaur eat?

Look at the skull of a meat-eating dinosaur like Allosaurus or Lythronax. What do their teeth look like? Draw one tooth below.

Now, look at the teeth of a plant-eating dinosaur like Utahceratops or Gryposaurus. What do they look like? Draw one tooth below.
